

Orange Class

October has flown by and we all enjoyed our half term!

On the last Friday before half term we had our last yoga session. Elsa came to our class to do yoga with us. We did a variety of breathing exercises and yoga poses. We also did some games and at the end of each session there was time for relaxation.

We also had a pink day to raise money for breast cancer awareness. First, we played a game to name as many pink things as we could think of. After that we played pin the beak on the flamingo, this was very hard, but Max managed to get the beak in the right spot. After assembly we also went on a pink panther hunt through the school. Ashley found one and won a price.

In computing we made a variety of art works using Paint. We had also e-safety lessons this was about people pretending to be someone else online, we talked about the dangers of talking to people in for example a game.

In Geography we have learnt about different countries in Europe. We especially looked at how to get there, capital cities, landmarks and the climate. This month we have learnt about France, Spain and Sweden.
