

Silver

Monthly Update

March 2026

This month

Silver class have been very busy this month and had lots of fun exploring What the Ladybird Heard.

This month we have made ladybird biscuits, pretended to be robbers and explored painting with different toy animals and tractors. The children enjoyed matching animal sounds, creating their own maps to explore and going on a spring walk. It has been fun and engaging way to bring the story to life!

We also had lots of fun exploring this book during world book day. The teachers enjoyed dressing up as different characters from the story, bringing it to life for the children. We also planted seeds in our mud kitchen, explored a farm-themed sensory tray and painted ladybirds.

STAR OF THE MONTH

Penny – for always being enthusiastic and ready to learn!

CARE

If your child wears nappies please send in supplies. Please look out for reminders in their home-school book.

Silver class wishes you a fantastic Easter!
