# Monthly Update

April 2026

## This month

We had a great start after the Easter Holidays!

In Maths we have started learning about fractions. So far, we have covered half and quarter of a shape, object or quantity. In English we are doing poetry, we have listened to a variety of poems about animals. We are enjoying these poems.

### STAR OF THE MONTH

Logan – For settling in well in Orange Class

### Food Technology

Can everyone please bring in a container on Tuesdays to take the cooking back home in? Thank you

The timetable has stayed the same this term. Still PE on Wednesdays!
