

Monthly Update

March 2026

This month

- What we have been doing in maths
- Fine motor skills practice
- Easter

We have been exploring mass in maths this month and trying to estimate which item is going to be heavier or lighter.

We enjoyed lots of Easter activities, including an Easter egg hunt and a package the egg challenge

STAR OF THE MONTH

Hugo

For improved engagement in learning

CARE

Please can you make sure that all jumpers, cardigans and coats are named clearly so we can reunite them with owners!

HOME- LINK BOOKS

Please ensure that your child has their home-link book every day. If you have misplaced it, let Jen Quibell know.
