

Lime

Class

Update

December 2025

This month

It's been a very merry December in lime class!

We have continued to investigate pattern in math's, looking at number and shape. We put our number knowledge to the test with lime class café. We made biscuits in food tech which we bought in our café.

We have continued to enjoy our rebound sessions this month. We have also enjoyed some festive activities, xmas jumpers, lunch, parties and a visit from the big man.

STAR OF THE MONTH

Betsy:
For great improvements with her transitioning, especially with xmas events.

CARE

If your child wears nappies please send in supplies. Please look out for reminders in their home-school book.

Christmas

Lime class all wish you a very merry Christmas!
