

LEMON CLASS

This month, we have continued our Curricular Goal Learning, as well as learning about Christmas. We enjoyed our first school trip to Keydell Nursery to visit the Woodland Walk. We loved going on the school minibus for the first time, and were excited to see all of the Christmas decorations. We have also had lots of fun investigating our new equipment in our class. We have explored our new climbing frame and stepping stones, and have had lots of fun exploring light and dark and making shadows with our new torches.
