

Blue class were very excited to be asked to attend the launch of a new accessibility area for Bird world. We were greeted with drinks and pastries by staff at Bird world. There were lots of people from the press there who were told about the new areas for Bird world. We were able to have a good walk around and see lots of the amazing birds. We were able to watch the feeding time for the Penguins, a real favourite for many of Blue class pupils! We felt very lucky to have been asked and have written to Bird world to thank them for inviting us. We hope we will be able to go back soon!
