

## Gold Class

Gold Class got back at school after Christmas break straight into the learning spirit. For My World lessons we explored sensory story about Chinese New Year. We learned about different animals and sounds they make. We also created the pictures of Chinese dragons using paint, hands and our mark making skills. We continued gaining knowledge about gardening, weather changes in our outdoor mud kitchen, also explored sensory trays with natural resources. Exciting new PE activity - table cricket - is thoroughly enjoyed by Gold Class! We learned the rules of the game, practised our skills to push and hit the ball, take turns and being a good team player.
