

AQUA CLASS

In Aqua class this month, we have been finishing off our work on the book/film/musical of The War of the Worlds, by HG Wells.

In maths we have been converting and comparing measures of length for our measure topic. This week we learnt how to read a variety of scales.

In English we have been doing reciprocal reading – we are given individual roles, whilst pupils read text out loud. The roles are questioner, summariser, predictor and clarifier.

Each Tuesday morning, we have been to Alton college to do an accreditation in creative film making.

On Fridays, some of Aqua class has been going to the Apex centre in Havant. Here they are learning construction skills, such as, brick laying, plastering and painting and decorating.
