

Gold Class

Gold Class had lots of fun last term from World Book Day to start with, to exploring art tools and art techniques. We learned about winter through the sensory story about Sheldon Snail's Snowman. We made snowballs using paper mache to cover balloons and decorated them with paint. We also started on our Mother's Day gift project, decorating flower pots, which were planted with spring flowers. We loved exploring paint and colours with our hands and really enjoyed the messy play! We also enjoyed Yoga sessions with Elsa, practicing different Yoga poses and exploring singing bowl's sound. Our new art project is flower meadow and May Day wreaths, as part of the minibeasts, bees and flowers topics.
