

## This month in Lime Class

This month in Lime we have been exploring our focus story, Mr Wolf's pancakes. We have had fun learning about different coins in maths and used our knowledge in our role play shop. We have enjoyed exploring the ingredients for pancakes in food technology, using communication aids to choose what we want on our pancakes and even having a go at cracking an egg. We also had a fantastic day celebrating Bangladesh on Geography day, trying on Saaree's and lots of lovely food.

### STAR OF THE MONTH

Roman – for his increase of participation and independence in structured activities within the classroom.

### CARE

We are continuing to practice our hand washing in the classroom.

### STAY AND PLAY

We hope you are able to join us at our next Stay and Play session, Thursday 5<sup>th</sup> March.
