

February 2026

## This month in Lemon Class

This month in Lemon Class, we have been busy in our Maths lessons singing number rhymes to help us to count. Our favourites have been 'Ten Fat Sausages' and 'Five Little Monkeys'. In Creativity, we have been exploring different colours, using finger paints and food colouring mixed with foam. Very messy, but fun!

### STAR OF THE MONTH

Jessika – for engaging in lots new experiences and exploring different activities.

### CARE

We are still enjoying lots of time outside in different weathers – in school, we are practicing putting on our coats.

### DO YOU HAVE?

With the wet weather, we are using lots of spare clothes – do you have any old or odd socks that we could have for our spare clothing box?
