

Monthly Update

January 2026

This month

We've had a wonderful and very busy month in class, full of exploration, sensory experiences, and exciting new challenges!

This month, our learning focus took us all the way into **outer space**. The children explored space through a range of sensory activities, engaging their senses and imaginations. A highlight for many was our "**picnic on the moon**", inspired by the story *Whatever Next*. We are also incredibly proud of how well the class did on our **off-site school visit**. The children showed fantastic confidence and curiosity during our **horse-riding experience**.

STAR OF THE MONTH

Ethan –for following adult instructions

CARE

If your child wears nappies please send in supplies. Please look out for reminders in their home-school book.

Horse Riding

The Children enjoy Horse Riding every week. Thank you for providing wellies and please remember winter clothes.
