Monthly Update

January 2026

This month

Welcome back After the Christmas Break! It has been a fun and busy start to the half term.

This month we have been enjoying Mr. Wolfs pancakes. We have explored the story through obstacle courses, gingerbread house making, painting our own wolves and even making pancakes from scratch and adding our favourite toppings!

In maths, we have been learning about long and short. They really enjoyed using different food items to see which were longer or shorter. We have also enjoyed learning about 2D and 3D shapes and finding them in our classroom and outside.

STAR OF THE MONTH

Theo – for exploring and trying new foods from a school dinner every day!

CARE

If your child wears nappies please send in supplies. Please look out for reminders in their home-school book.

REMINDER

A reminder that PE is on Mondays. Please can children come to school in their PE kits on Mondays.
