

## Gold Class

Gold Class started summer term with the topic of the minibeasts and flowers. We explored a new sensory story 'Lolli ladybird got spots' and learned about being different and our emotions. We also enjoyed the story about greedy bee, as part of 'My World' World Bee Day celebration. Our art project flower meadow looks amazing on our class display. We also planted sunflower seeds to continue exploring the plant growth. At last we also celebrated 80<sup>th</sup> anniversary of VE day with day filled with music, dancing and parting with our friends.
