

November 2025

This month

This month, Purple Class have been busy exploring our Maths topic of *Money*. Pupils have been practising key skills such as exchanging coins for objects, and sorting them by a range of criteria. These activities were delivered through highly engaging sensory experiences.

We also took part in exciting whole-school events. For *Children in Need*, pupils engaged in themed activities that encouraged sharing, kindness, and community spirit. To mark *Remembrance Day*, Purple Class learned through Attention Autism sessions and sensory exploration. Pupils interacted with visual and tactile resources, explored poppy-themed activities, and engaged in calming, reflective experiences to help them begin to understand the significance of remembrance in a developmentally appropriate way.

STAR OF THE MONTH

Alyssa for smooth transition into our class.

CARE

If your child wears nappies please send in supplies. Please look out for reminders in their home-school book.

Outdoor School

The Children enjoy Forest School every Monday. Thank you for providing wellies and please remember winter clothes.
