

Pink

Update

November 2025

This month

November is the month of remembrance and we remembered in Pink class by sustaining attention to a themed Attention Autism session and creating poppy art both digitally on the Interactive Whiteboard and with paint on paper. We have enjoyed the Pets as Therapy dog- Loki visiting us on Thursday with his human Adrian and all taken turns to be kind and gentle and pet Loki carefully.

STAR OF THE MONTH –
Eddie for his gentle and careful interactions with Loki.

**CARE**

If your child wears nappies please send in supplies. Please look out for reminders in their home-school book.
