

Charcoal Class Monthly Update: October 2023

In RE the students have been learning about trees and their relation to religion. The class learnt that trees are important for different reasons, such as symbolising new life and growth. They made a prayer tree and wrote their own prayer/wishes.

Stars of the week
for this month are...

Bella
Dylan
Adam

Congratulations!

In PSHE the students have been discussing what respect and self-respect is and it's importance. To support this the class have also been organising a classroom café for other classes, thinking about the different roles and resources needed to make it successful.

In Music the students have been develop their sense of rhythm by using a variety of instruments, such as boom whackers.

In Food Technology the students made fairy cakes, ready for their classroom café the next day. As you can see they did amazing and their customers were also pleased with the results!
