

Green class has had a super month! They have enjoyed celebrations and the warmer weather.

Pupils really enjoyed playing cricket this month, they have made excellent progress in ball skills and have learned a great deal about the game.

Small animals came to visit and pupils were able to stroke bunnies, guinea pigs, ducks and chickens. It was wonderful to see the smiles on everyone's faces while interacting with these delightful animals.

We celebrated the King's coronation with a whole week of exciting activities and learning all about the monarch. Pupils made crowns, decorated tiles to an England theme; learning about landmarks and exciting

Pupils have their say:

Henry – "It's a chicken, the chicken is very awesome. The chicken was on my shoulder!"

Eshaan – "I like playing cricket!"

Lola – "I made music on the computer."

Benji – "I know capacity; full, half full and empty."

Congratulations to our Stars of the Week this month!

Theo Eshaan

Henry Benji
