

Gold Class

Gold class did lots of exciting activities to celebrate the Coronation. We took part in the Hollywater Bake Off! We enjoyed making the cakes but some of us enjoyed eating and exploring them more. We also made bunting and a big collage of Charles III. We practiced matching colours on the Union flag and mark made in rice to see what the picture was under the rice. During the week we also met some chickens and rabbits and were joined by members of our family for some fun.

We have also been continuing to explore the circus, we have continued to explore the topic through sensory stories, trying to do some circus skills, taking part in sensory activities and even made some art in custard. As part of My World we have also been exploring some stories from the Bible, we took part in a story about the feeding of the 5000, we explored bread and fish (the smell of which somewhat divided the class).
