

Bronze Class Monthly Update: May 2023

Year 8 and 10 have been working in small groups with Aqua class. They have been practicing putting Trangia's together. The Year 10's will then take them away and use them for their D of E expeditions.

You will have already seen from the Coronation newsletter, the amount of fun had by the students. As part of the celebrations Bronze class decorated the classroom in red, white and blue. They also designed coronation themed tiles initially on paper and then transferred these onto tiles.

As part of Careers, an external speaker came into school and spoke to Aqua and Bronze classes. She gave them information on how to match their skills to jobs. Students then completed an online questionnaire which suggested possible jobs. Then they went to search for those jobs to find out more information.
