

In Lime class our topic this term is Weather and Seasons. The past two weeks we have been focusing on the season Spring and growing.

We have been focusing on the story Jasper's Beanstalk. We have really enjoyed joining in with the sensory story of Jasper's Beanstalk. We have also loved planting our own bean and taking it in turns to water our plant.

In our outside area we have had great fun splashing around in our colourful puddles using powder paint and water to make them.

In Phonics we have been focusing on the sound j and made jjjj for jelly. We enjoyed making and eating the jelly.

In Expressive Arts we had fun painting our own flower picture. Everyone listened to the instructions of how to paint flower.
